HERE AND THERE

(Raymond Davis)

I wish I hadn't started in so deep last week. I always thought I would start something I could not finish. When one does not know enough to keep his place, he is apt to lose it. Do not sour over spilt milk.

Why do they always say ladies first? They were second in the first place.

You say the one's that missed the Rebekah dance felt blue. That word blue must have two meanings.

Just arrived at Buck's, a big shipment of shorts. Yes, shorts; go take a look at 'em.

Money makes the car go; the car makes the money go. And gas makes them both go.

Ever since I quit riding and started farming, I have felt like a round peg in a square hole, and after the last four years I know I am a small peg in a darned big hole.

Might not be right; you want to be sure. Ask William.

Soft times do not harden.

For one has to be pretty sharp to leave an impression in it.

I'll bet it will not matter whether it is as quare meal or not, Russia will get around it.

Keep smiling. Sure, that is all right, but still there are times when even it isn't polite.

Shorts are skirts in brief. The way of the progresser is hard. A soft drink should not go hard.

EDWARD THOMANDER

Passing of Esteemed Citizen of
Vulcan

Edward Thomander died at the family home in Vulcan, just at the turn of midnight, on October 21. Deceased has been long known in the district, having come here in the year 1908 from Wisconsin, since which time he has been a farmer and resident in the Lake McGregor district, residing in Vulcan during the winter. He has always enjoyed good health until overtaken some few weeks ago by the illness which caused his death.

Those of the family who survive are the widow and three children, who reside in Vulcan. His father also resides here, and two brothers, John Forse and Fred Forse, live in the States; and four sisters reside in the district, namely, Mrs. Ferngren, of Vulcan; Mrs. Matin Peterson, of Gleichen; Mrs. Nels Peterson, of Milo, and Mrs. W. D. Jackson, of Lake McGregor.

The funeral took place on Monday afternoon, and the exceptionally large number in attendance was a splendid tribute to a fine man. Service was held in the Union church on Monday afternoon and interment was made at Vulcan burial park, Rev. E. A. Hayes officiating.

BOYS' CONFERENCE

Vulcan Well Represented at Meeting
in Calgary

One hundred boys, the cream of the youth of the land, together with their leaders, met at Calgary, October 21, 22, and 23, to confer concerning boys' work. The object was to train older boys and leaders in the principles and methods of leadership of Trail Range Camps and Tuxis Squares and Sunday School classes, and to give them a vision of larger possibilities and inspire them to more loyal service. It was a great get together of older boys and men interested in boys' work. The inspiration of the gathering will help to carry one over the difficult spot in the work this winter. The fellowship of a bunch of good fellows during the three days of the conference is an experience not soon forgotten.

The most difficult period of a boy's life is during the teen age. Here is where he needs the most help. He is at the plastic period. He is open to suggestions, advice, etc. He is the readiest to receive ideas during that period. It is for the teen age boy that the Trail Rangers and Tuxis program is arranged. To date there has been no program yet designed that has made such an appeal. It deals with the fourfold life, namely, the physical, mental, devotional and social. Many a man today firmly shivers in his boots if asked to take the "chair" at a meeting. He hasn't the faintest conception of how to begin, and less how to end. In his youth he didn't get the training and throughout his life he feels the lack of it. The social side of the boys' program deals with such things. The devotional gives the boy the right ideals. We have been telling our boys to "get". The emphasis today is put upon being—being of service. Make your life count. Let it be an inspiration and your money a benediction. The physical side comes in for its share. During the teen age period a boy is building up a body. During the building period he needs to know something about the machine he is to run, for it is the intricate in the world. The program deals with that and shows the boy the value of health and the care of the body. With the right start, the boy acquires those health habits that carry him through, and in place of breakdown in middle life, he has vitality that is a real asset. The program aids in the school work. It helps make the studies more interesting. Sunday school workers today are finding the fourfold program just the thing they have been searching for.

Rev. A. E. Hayes, Harold H. Buck, Albert Micks and Everett Gardner were the representatives from Vulcan. While in Calgary Rev. A. E. Hayes conducted the services in Bankview church, exchanging with Rev. A. Rennie.

BIG SUCCESS

Busy Bees Make Money with Taffy
and Tea

The Busy Bees, members of a class in the Union Sunday school, run true to their name in anything they undertake. Their tea and sale of cooking on Saturday last was a hummer, and nobody was stung. They are all girls, and little girls, but they are bright and busy, and their efforts netted more than fifty dollars. They ordered the printing and posted the bills, gave fine service to their patrons, and did it all themselves. They are surely a buzzing bunch.

NOVEMBER SEVEN

Community Club Prepare Program
for That Date

Arrangements have been made by the Community Club to hold a Commemoration Day program in the Vulcan Theater on November 7. There will be a parade of the school children, headed by the Vulcan band, and other features. Mr. D. H. Elton, of Lethbridge, who spoke at the last club luncheon, will deliver an address at three o'clock in the theater, and everyone is welcome.

Hon. Medrie Martin was again elected Mayor of Montreal by a majority of about thirty thousand votes. The man evidently has a strangle hold on that city.

VULCAN MEMBER VISITS HERE

O. L. McPherson, M.L.A. for Vulcan was a High River visitor today and called at The Times office in connection with U.F.A. movement towards the placing of a contract for telephone poles with the provincial government. Mr. McPherson is very keenly interested in the unemployment problem which he anticipates will be rather acute during the winter months. The question of relief should be under strict government control and his opinion is that a commission should be appointed to supervise the giving of relief. The Vulcan member is energetic and from what we saw of him he has material in his makeup for an excellent legislator.

FIFTY YEARS

Mr. and Mrs. John Douglass Celebrate
Golden Wedding

On Tuesday October 4, Mr. and Mrs. John Douglass, two of the oldest and most highly respected residents of this district, celebrated the 50th Anniversary of their wedding. Only the immediate family and a few friends were present, but the day was a pleasant one and will always remain a happy memory.

Mr. and Mrs. Douglass were married at Algona, Iowa, and with the exception of five years in Missouri, had spent all their married life there until coming to Alberta in 1904. Since that time they have lived in the Vulcan district, enduring much of the hardship of the early pioneers, until old age finds them surrounded with many of the comforts they so justly deserve. From the Douglas home has always radiated that kindly welcome, which drew both friend and stranger to their hospitable fireside, and has endeared Mr. and Mrs. Douglas to a very large circle of friends.

The day was spent informally and during the afternoon Roy Davis, a grandson, on behalf of the family read an address expressing the love and esteem felt for the old couple, following which they were presented with a purse of gold and a new dining room table. A pretty feature of the afternoon was the arrival of the wedding cake, presented by a tiny grand daughter, little Miss Nellie Douglas. The cake was encircled by fifty candles, which fittingly represented the fifty years spent together. The family then all joined in singing "The Old Grey Bonnet."

Those present were: Mr. and Mrs. L. W. Laws, Mr. and Mrs. L. A. Douglas, Mr. and Mrs. F. E. Davis and family, Miss Mary Douglas, Mr. Harry Douglas, Miss Pickard, Miss Stevens and Miss Beverly Base.

Those of the family unable to be present were: Mrs. Donald Smith, of Reid Hill, and two sons, Edward and William, of North Dakota.

THE SEA WOLF

New York Tribute on the Coming
Attraction

Jack London's "The Sea Wolf" seems never to grow old. Like "Uncle Tom's Cabin" and a half dozen or more other great books and stage successes it draws larger crowds as it ages. In motion pictures it appears to be none the less popular. The splendidly acted film in which Noah Beery starred last week at the Rialto will be seen this week at the Rialto. Yesterday large crowds went there, many of them, it was said, being among those who saw it last week at the Rialto. There were so many requests that it be held over another week that Hugo Reinhold decided to take it to the Rialto.

This picture, which has so well pleased the particular people of New York, and which has the commendation of such an authority as The Tribune, will be presented in the Opera House at Vulcan, on Saturday, October 29.

GOLDEN WEDDING

Parents of Local Business Man
Celebrate

Yesterday, away back east in the good old town of Norwood, Mr. and Mrs. George Buck, parents of Mr. George Buck of Vulcan, celebrated the fiftieth anniversary of their marriage. This event took place in the town where the aged couple were married and where they have since continuously resided. It is permitted to few to enjoy life together for fifty years or more, but to have resided in the one town for all that time is an unique record. Another uncommon feature of their experience is that the entire family of two sons and two daughters is still unbroken, three of whom reside in the east, and one in Vulcan.

BOW VALLEY

J. S. Mavor Tendered Nomination in
This Riding

The Liberal Conservatives of the riding of Bow Valley, of which Vulcan forms a part, have tendered to Mr. John S. Mavor their nomination. Their decision was made at a convention held at Bassano on Saturday.

Four names were balloted on by the convention, which was well attended. There were Ed. Purcell, of Brooks; S. F. McMullen, of Drumheller; Mr. Coyle, of Drumheller and Mr. Mavor, the latter being successful on the final count. A delegation was appointed to wait on Mr. Mavor in Calgary and tender him the nomination.

The Albertan on Tuesday reported that John S. Mavor, Calgary barrister, who was nominated by the Conservatives of Bow River riding on Saturday, has declined the nomination, and another convention will be held on Monday next in Calgary to select another candidate.

BABY STRAYS

Little Girl Wanders and Creates
Community Anxiety

This is an incident of interest that has not been recorded in The Advocate. One morning a week or two ago, the little daughter of Mr. Robert Hays, less than two years old, left home unnoticed and for several hours her whereabouts was the cause of much anxiety, and all afternoon neighbors were searching in the hills and elsewhere, and a search party was just about to leave Vulcan, fearing night would close in, and the little one would be still missing, when Mr. Hanson, Sr., found her on his place playing with his pigs. The wee tot had made a distance of more than three miles and of course was oblivious of the anxiety and fear that her trip had created. The news of her recovery was speedily conveyed to the searchers, and all rejoiced with the parents that no harm had come to their dear little stray.

STEALS RING

Relative of Resident Victim of Thug
in Portland

C. B. Shimp got an exceedingly interesting letter from home yesterday. It described the theft from a bank in which relatives are interested, and with it came a clipping from The Portland News, describing the robbery of a wedding ring from the finger of Mrs. J. F. Shimp, a sister-in-law of our townsman.

While on the street in Portland, on Monday night, Mrs. Shimp was attacked by the bandit with the command, "Put 'em up!" and a gun was thrust into her face. "I will not put them up," was the answer, and she slapped the man across the face with the hand-bag she was carrying. Grabbing the bag, the robber examined it for money, but found only a Bible and some papers. With an oath he threw the bag to the sidewalk and grabbed the young matron's wrist. He jerked the wedding ring from her finger and tore a gold brooch from her wrist.

GETTING READY

Lady Curlers Organize for Coming
Season

The members of the Ladies Curling Club met at the Vulcan Supply Company's store on Friday evening last, when 26 ladies were present. Officers were elected for the coming season as follows: President, Mrs. Hall; vice-president, Mrs. LeBow; secretary, Mrs. Howes. The following ladies were elected skips: Mrs. King, Mrs. LeBow, Mrs. Ober, Mrs. Danbigh, Mrs. Hall, Mrs. Dodds, Mrs. Flood, Mrs. Jacques, Mrs. Loiselle, Mrs. Journey, Mrs. Walker, Mrs. Collier. The fee was fixed at \$3.25. Any lady wishing to become a member kindly notify the secretary before November 1.

LOCAL ITEMS

Mr. Harry Wenger, local manager of the Imperial Oil Company, was a week-end visitor to Calgary.

Mr. Dyce Allan and Mr. A. W. Kelly, of High River, are spending a few days this week in the mountains hunting.

A number from Vulcan, motored to Gleichen on Monday evening where they attended that well known play "Mademoiselle from Armentieres."

The Chicken Supper, which has been advertised to take place in the new Catholic church, will be held in the basement of the I.O.O.F. hall instead of the church. Everybody welcome.

Mr. Fred Anderson returned on Sunday from Oyen, where he has been on business for the past two weeks. During his stay there he met Mr. Larry Dawson, formerly of this town.

Mr. Paul Wittcock has recently made a tour of the towns in this part of the province, visiting the light and power plants in each place, all with the view to improving the Vulcan electric service. And we have now one of the best in the bunch.

The silver tea, held on Wednesday at the home of Mrs. Reeves, under the auspices of the Union church Ladies' Aid, was in every way a success and a very enjoyable event. There was excellent patronage, and the patrons were pleased.

Messrs. Jones and Ober, the Vulcan wireless men, made a trip to the radio station at the aerodrome in High River last week, to get a pointer or two on the installation of their apparatus at Vulcan. Soon we will be hooked up with the rest of the world with wireless.

Mr. E. B. Walters, who lives 4 miles west and 7 miles south of Vulcan, and 6 miles west and 3 miles south of Kirkcaldy, having decided to leave his part of Alberta, is holding an unreserved auction sale at his farm on Tuesday, November 1. Look for his advertisement on another page of this issue.

LOCAL ITEMS

Mr. Jim MacDonald spent the week-end in Blackie, visiting with friends.

Dr. D. B. Wark was a business visitor to Calgary on Monday.

Mr. Fred Bilton is a business visitor in town this week.

Mr. and Mrs. Morris G. Lyman and family, spent last week in Calgary.

Rev. A. Hayes is attending the meeting of the Synod at Calgary this week.

Miss L. Morrow of Calgary is at present visiting with Mrs. Thomander.

Joe Stole of Vulcan is spending a couple of days in Calgary, making the trip by auto.

Furnished house-keeping warm rooms, Main Street, Vulcan—Rochon Rooms.

Mr. C. Kettlestone returned Tuesday morning from Carbon, where he has been visiting with his parents.

Mr. Bill Ralston, who is now travelling in the north country, spent the week-end in town with his family.

Mr. Paul Wittick returned from Calgary on Saturday, where he purchased a new top for his automobile.

George Valentine of Calgary was in town Monday, to attend the funeral of the late Mr. E. Thomander.

When in town Saturday, attend the Chicken Supper which will be held in the I.O.O.F. hall from 5 to 8 o'clock.

Miss Thelma Ferngren, who is attending school in Calgary, is at present visiting with her parents in town.

To Mr. Harry Noel: It rained in Vulcan on Thursday evening and Friday morning. Expect more in a few days.

Mr. Stanley Daines of Wayne, who has been visiting with his parents here, returned to Wayne on Thursday morning last.

Nurse Spence of Calgary, who has been nursing the late Mr. Ed Thomander, returned to Calgary on Friday evening last.

Mr. Jim MacDonald, of Carmangay, has accepted a position with F. L. Simington & Co. and started his duties last week.

Mr. Ed Brown of Spokane, who has extensive farming interests in this locality, spent a few days in town last week.

Mr. C. E. Henry, of the firm of Henry & Walker, left on Wednesday evening last for Portland, where he will spend the winter.

Born, at the Maternity Hospital, Vulcan, on Tuesday, October 25, to Mr. and Mrs. W. C. Dexter, of Vulcan, a son.

Don't forget to attend the Big Chicken Supper, to be held on Saturday in the basement of the I.O.O.F. hall, from 5 to 8 o'clock.

Mr. Lorne Leverington, one of our well known young men, left on Sunday for Calgary, where he has entered Garbutt's Automobile school.

Mr. and Mrs. E. L. Parsons spent the latter part of last week in Calgary, from which point Mrs. Parsons left to spend the winter with her parents at Northfield, Minn.

We hear that the reason that there are not many on the streets these nights is, that they are all waiting and resting up for the "Dollar Dance" Friday evening. Be there on time.

"Johnnie, the stork has brought you a little sister! 'Aw go on, stork nothing it, was the milkman who brought it. Doesn't it say on his wagon, 'Families supplied daily.'

The Berrywater U.F.W.A. are putting on a fowl supper, concert and dance, on the night of November 11, at the Berrywater school house. Supper and concert 75c. Dance 50c.

Sir Hibbert Tipper of Vancouver has decided to see his old home in Pictou County and assist the Meighen government in being returned, by helping Col. Cantley who is the government candidate.

The first monthly luncheon of the Community club will be held on December 2. Mr. C. F. Jamieson, barrister of Lethbridge, will speak, and the W. I. of All Saints' church will furnish the supper.

Shimp & Rebbe, who have been holding a series of combination auction sales lately with great success, have decided to hold another one on Saturday, November 5. If you need anything or have anything that you wish to sell, see these men at your earliest convenience or phone 137, Vulcan. On another page will be found their advertisement, which should interest the buying public.

A meeting of the School Fair committee is called for Saturday, Oct. 29, at 2.30 p.m. in the primary school. A full attendance is requested. All teachers are asked to attend. The prize list will be revised if necessary and matter pertaining to the future welfare of the fair will be discussed. The complete prize list will be printed in next week's paper. Insufficient funds make it necessary to limit the prizes, somewhat, but provision will be made for more substantial prizes as the fair gets underway.

PUBLIC NOTICE

New Dairy Business

This is to announce the establishment of a New Dairy Business at Vulcan, by Ivor Williams, a practical and experienced Dairyman. The supply of Milk and Cream will be from tubercular tested stock and will be handled and delivered under Provincial regulations. Service will commence on or about October 23rd next. Service and quality will always be the first duty. Your esteemed patronage and support is solicited. Persons requiring Milk and Cream are requested to Phone 7.

The Vulcan Advocate

An Independent Weekly Newspaper issued every Wednesday afternoon at the office of publication, Vulcan, Alberta. Subscription price per year, in Canada, \$2.00; United States and other countries, \$2.50. Advertising rates will be furnished on request.

THE VULCAN ADVOCATE

VULCAN, ALBERTA

ARE YOU A MENACE

One of our contemporaries raises a pertinent question by asking if you are a menace to the health of the community, and explains that it does not mean the question in the sense of measles or any other contagious disease, but applies to the manner of our conversation. Do we talk of health or sickness. We are reminded that the germs of many diseases lurk under the tongue. Good morning, how are you? This daily greeting which we extend to one another is usually prompted by a good wish and a spirit of friendship, but it so often prompts the discussion of our ills and disappointments rather than our fortunes and the pleasures that life brings to us. Bad weather receives a failure. Gloom is the purveyor and our success is forgotten when we have a failure. Gloom is the purveyor of disease, indeed it is death itself. The discussion of our troubles is a habit—a hell of a habit. Let us smile awhile. Use that tongue wisely.

The thousands of unemployed in New York are being daily entertained with music in the public squares of that city. There is perhaps a design in this to prevent riot or hostile demonstration, a practical application of the effect of music, for "Music hath power to soothe"—you know the rest.

"It costs more to fight than to live right" is a line from a comedy song just now being presented in vaudeville. But apart from its connection as a jest, there is in it in earnest a real truth. The costs of war are awful, and the realization of this fact is responsible for the coming Peace Conference, a world event of the greatest magnitude. And may it result in peace.

The grain enquiry case is receiving much attention by the people and by public speakers in connection with the election campaign. Even Premier Meighen and Leader Creer are making it a subject of discussion. But the whole question is stalled by injunction, a process of law that is a real time-killer, and a method that appeals to the layman as being one somewhat removed from justice. What the farmers want to know, and what everybody wants to know, is what kind of a deal they get from the grain companies in the buying and selling of grain.

The Prince of Wales is reported to have sold a quantity of livestock, and the prices realized were very disappointing. Here is where the prince runs level with the other farmers and ranchers—they all get the same low price for their beef.

Lieut. Bourjade, the French flying ace, has deserted aviation, and is taking up the work of a religious missionary—adopted a higher calling.

Joseph Shaw, a candidate in West Calgary, is said by The Albertan to owe no allegiance to any party and will not be dominated by any leader, and if he goes to parliament will not have to make any compromises. "A kind of a 'I don't know where I'm going, but I'm on my way' candidate."

Prof. Stephen Leacock, professor of political economy of McGill University, when in England, discussing Canada and its condition, gave splendid assurance to the Britisher which is also an encouragement to the Canadian. He said: "The depression in Canada is bound to be only temporary. What the British investor has to remember is that the whole basis of Canadian prosperity is untouched by the war. Our national debt may look big, but there is nothing really extraordinary about it, and although our taxes are heavy, still we can bear them. There is every sign that the economic life of Canada is just as sound today as it ever has been."

THE KING LEADERSHIP

"An amazing article appeared last week in several Liberal newspapers, including the London Advertiser," writes the Kincardine Review. It started out by predicting that after the next election the Conservative party would be as extinct as a dodo and that the only thing the remnants of the extinct party can do is to link up with the Liberals. It then proceeds to mildly criticize Mr. King for flirting so much with the Agrarians and for making conflicting complaints in different places and compares him to his disadvantage, with Mr. Fielding. It looks as if Mr. King is to be dish. The decision to make him run in North York settled his chances of agreement with the Farmers and settled too, his continuance of the Liberal leadership.

Abe Martin says: "The fellow that knows just exactly how to farm is always on the lecture platform."

Canada must pay \$30,802,106 yearly for pension list. There are more than 50,000 disabled men and 19,000 dependents on the list.

"What I have always advised and what I stand for now is moderate protection. I intend to pursue a policy of moderate protection right through, and I will do so if returned to power, December 6," said Premier Meighen recently at one of his political meetings.

Official announcement that Canada will be represented at the Washington disarmament conference was contained in a statement by Prime Minister Lloyd George in the house of commons today. The list of British empire delegates made public by the premier contained the name of Sir Robert Borden, representing Canada.

The government of Alberta has ordered a complete audit of all books of the province, covering every department of government. This is good business. When the audit is completed the government and the people will know just where we are at as a province. It has been stated that the audit is not for the purpose of spying on the recently defeated government. Be that as it may, if there is anything discovered, we want to know that too. No "keep-it-quiet" methods should be tolerated.

Hon. George P. Smith, late minister of education for Alberta, announces that he is disposing of all his interests in Alberta and removing to Ontario, where he is to assume the general management of a large manufacturing concern. This announcement disposes of reports that he is to be a candidate in the coming federal election.

Four decisive steps have recently been taken to pave the way for church union by the joint union committee. The steps taken in this direction may be decisive, and very deliberate, but they certainly have not developed any record for speed, and the Irish question may yet be settled before the great christian churches become a united force.

The department of the Attorney General is advising the druggists of the province to go easy in the matter of stocking-up in liquor. This is taken as proof of the report that the sale of liquor is to be taken entirely from the druggists and passed to government vendors. It is also evidence of a place to carry out the policy of the government to enforce the prohibition laws of the province.

Election times are great times, and they provide the opportunity for the criticism of almost everything under the sun, according to whims and notions of those who have the privilege of the press or platform. Commissioner Samis, of Calgary, who intends to become a candidate in that city, gets after the lawyer in this fashion: "A very great deal of the legislation on the statute books of Canada is special privilege legislation put there by lawyers. Our system of government by lawyers with its attendant fees and pap is a scandal. The legal fees are something awful. It is time more laymen got into parliament and put a stop to this bleeding of the people. The fees should be cut in two and one-half of the 'work' should not be done at all. It is an imposition on the people."

THE QUITTER

You're sick of the game? Well now that's a shame,
You're young and you're brave and you're bright.
You've had a raw deal. I know, but don't squeal,
Buck up, do your darndest and fight.
It's the plugging away that will win you the day,
So don't be a piker old pard
Just draw on your grit; it's so easy to quit;
It's keeping your chin up that's hard.
It's easy to cry that you're beaten—and die;
It's easy to crawl and crawl;
But to fight, and to fight when hope's out of sight,
Why, that's the best game of them all.
And though you come out of each grueling bout,
All broken, and beaten, and scarred.
Just have one more try—it's dead easy to die,
It's keeping-on-living that's hard.

THE AIM OF EDUCATION

Montreal Gazette
Sir Robert Falconer made a characteristically statesmanlike utterance in Toronto the other day, befitting one who occupies such a high position as a responsible educational authority, when he said that, "education should aim to develop the whole person, a healthy body not only makes its possessor a more useful member of society, but brings business and helps to keep the mind clear." It would be difficult to over-estimate the far-reaching sagacity of this truism. The students in our colleges are a very important part of society. They assemble at the local educational seminaries, gathered together from all "arts and parts" of the Dominion, and in many cases much further afield, a goodly number representative sons and daughters of fathers and mothers "way down on the farm." In many cases the parents have had a struggle to achieve a cherished ambition to have their offspring enjoy the benefits of a university career, hoping in all cases that one day they may see the "boy" or "girl" occupying a niche of distinction in the learned professions. These young university alumni make a valuable contribution to the social, spiritual and material life of a community. The citizens of Montreal have unvaryingly shown sympathetic interest and practical support to the educational schemes with which the city of Montreal is so liberally endowed. Education is an asset, the potentialities of which cannot be reckoned in dollars.

Grand Forks Sun: When the Dominion government had to sell its Victory Bonds, it used the columns of Canada's newspapers and sold the bonds; when Canada needed food conservation, she advertised in the newspapers; when Canada needed immigrants she advertised in the newspapers; when she needed armies, she advertised in the newspapers—and achieved success. When Fry wanted cocoa business, he advertised in the newspapers; when Pears wanted soap business, they advertised in the newspapers; when Gillette wanted to make a clean shave of the man-power of the world, he advertised in the newspapers; when Wrigley wanted gum business, he advertised in the newspapers—and achieved success.

Winnipeg Free Press: There is no profit in war; the loser loses, the victor loses, the neutral loses, everybody loses. The last war exposed and exploded all the arguments urged on behalf of war—they were all seen to be false. Nobody gained, everybody suffered, vast numbers are suffering still; war was a failure, total and ghastly; it was left without argument or apology, something which was demonstrably a total loss to the human species. If all the recorded facts about the suffering and blundering of the war stored up in the war books, if all the existing suffering which hangs over as the war's aftermath, if all the industrial loss and discontent which are the immediate consequences of the war, could have their total moral weight impressed on the delegates to the Disarmament conference to be held at Washington next month, the delegates might hesitate a long time before they did anything that could hinder the proposal to disarm.

The Chronicle: The farmer who buys on time all summer from the local merchant and sends his cash to the mail order house or buys through the grain growers association in the fall is increasing rapidly both in and outside this province. Where this method of doing business has made the greatest progress the towns are dead or dying, and land in the vicinity is invariably lower than where the local business men are prosperous. In Saskatchewan and Manitoba many of the mail order farmers are now driving to adjoining towns for the supplies which at one time were available in their home town or, unfortunately, the mail-order people do not carry stocks locally.

Walkerton Telescope: It is recalled that at one time Arthur Meighen's health threatened to play out and he was taken out of school for a few months and given a job on one of his father's milk wagons. Many St. Marys people today can recall the time when they had their milk jugs filled (they didn't use hygienic milk bottles in those days) by a future Prime Minister of Canada.

Do not overlook municipal nominations. The date of nomination is rapidly approaching and candidates should be secured to fill any vacancies that may occur.

TAX SALE

Sale of Lands in the Municipal District of Marquis No. 157 for Arrears of Taxes

NOTICE is hereby given that certain lands in the Municipal District of Marquis No. 157 will be offered for sale for arrears of taxes on Thursday, the 15th day of December, 1921, at 10 o'clock in the forenoon at the office of the Secretary-Treasurer at Vulcan, Alberta. A full list of the said lands may be found in the issue dated October 19, 1921, of the "Vulcan Advocate," a newspaper published weekly at Vulcan aforesaid, and unless the said arrears of taxes and costs be sooner paid the Treasurer will proceed to sell the said lands at the time and place above-mentioned. Dated at Vulcan, Alberta, the 19th day of October 1921.

R. E. HOUSE,
Secretary-Treasurer.

COMMUNICATION

Editor Vulcan Advocate: I think the Chautauqua deserves more credit even if they did get away with some of our cash. I paid two whole dollars for a ticket and missed the last day altogether, which everyone said was the best.

Now we will go to one dance and spend the same amount. We will get plenty of exercise for our feet (that sounds better) but not an awful lot for our heads. Of course some of the young bucks go home thinking themselves very clever for the manner in which they matched their wits with the fair young ones and others may go home thinking they made quite a hit with the other fellow's wife, it is human nature to do a lot of useless thinking.

It is not right to have Chautauqua at all when a few or any have to stand a loss. If you do not like Chautauqua don't go. But if you do, don't be afraid to say so. The talent in Chautauqua are just human beings.

Fire is a good servant, but a bad master. Fire under the saw-mill boiler turns trees into commodities useful to man, but fire in the forest does no good to any one and injures every one. Fire not only destroys the living forest, but it often so burns up the soil that it prevents another forest growing in its place. A camp-fire is a servant but a forest fire is a tyrant master. Let all citizens who go into the forest for business or pleasure be careful with fire.

HOADLEY HAS PLAN TO RAISE HOGS

Conference of Producers and Packers With Others Interested Will Be Held at Ottawa, Nov. 2

In an effort to further his proposals that some arrangement be made with the packers whereby direct financial encouragement will be given to the farmers of Alberta to raise the bacon hog, Hon. George Hoadley, minister of agriculture for the province is to leave for the east shortly, where he will attend a conference of producers and packers and other interests, at Ottawa on Nov. 2 and 3.

The movement for some such arrangement originated with Mr. Hoadley and the provincial government two weeks ago when a conference with the packers of the province was held here. The Dominion government has taken up the matter, and the result is the conference which is to be held in Ottawa next month.

Mr. Hoadley's proposals are that the buyers should so regulate their prices that the farmers would receive a cent premium for production of a bacon type of hog, as being the most marketable type. He also proposes that government graders should come to the market to grade the hogs offered for sale.

At the present time, when feed prices are low, the opportunity is here to open an educational propaganda for the production of the bacon hog, Mr. Hoadley believes.

COW ONLY NETTED FORTY-FOUR CENTS

Montana Farmer Had Great Shock. Shipped Fat Beef to Chicago

That the stock market is equally bad across the line as here is evidenced by the following from the Lethbridge Herald:

"The stock business is not promising any great rewards at present, if one takes note of what the receipts from some of the Montana shipments, and we trust that Knight and Watson, and the McIntyre ranching companies who loaded out approximately 900 head of beef cattle here today have the inside track better than one Montana farmer did this past week, when he shipped a fat cow in company with his neighbors to Chicago. He was a Mr. Baldwin of Ray, Montana, who shipped his cow, but after freight, feed and commission had been paid, Mr. Baldwin received the magnificent sum of 44 cents. It was a cheque at that, when it could so easily have been postage stamps. Mr. Baldwin had his head set for about \$44.00 instead of 44 cents, and received the shock of his life when informed he had received the correct amount. There is indeed something 'rotten in Denmark' when a good cow does not net a farmer, who raised her, more than 44 cents. This is a true item, and many others similar have been brought to our notice this last few months, although it seems almost unbelievable.

TITLE TO TAX SALE LAND DURING 1922

Land Titles Office Instructed Not to Register Titles to Lands Acquired in 1920 Until April, 1922

Persons who purchased property in the 1920 tax sale will not be permitted to gain clear title to it until April of 1922, according to advice, which has recently reached the land titles office of the province. This office has been instructed by the department of the attorney-general not to register titles to any lands acquired in the 1920 tax sales until April. It is understood that this order has gone out in view of the fact that the general feeling is that the law governing tax sales is at present in an unsatisfactory condition and that an amendment is advisable. There are aspects of the present law which is felt will not stand certain legal tests and it is therefore necessary to make such changes as will render the law airtight. Although no information as to probable amendments has been received in Calgary, it is thought that the government is contemplating introducing some at the next session of the legislature.

FARMERS ARE NOT BUYING COAL NOW

Price of All Other Commodities Down But Coal Remains High. High Wages Responsible

Mr. R. Livingston of Lethbridge, manager of the Galt Coal mines was a High River visitor Monday. Speaking of coal conditions, he remarked that on the whole, conditions were encouraging in the Lethbridge field. Labor troubles were not anticipated until at least next March, when new wage arrangement must be negotiated. Meanwhile while wages were high there was nothing to warrant a reduction in fuel. He found throughout the country that farmers and others were not ordering their winter's supply of coal because of their opposition to high prices and with the hope of a reduction in price. Dealers are stocked up and it is impossible for them to take more. Orders from Saskatchewan and Manitoba are increasing with Alberta quiet. History will again repeat itself and the first cold snap will find many coal bins empty, is Mr. Livingstone's opinion.

FARMER LEADER ANNOUNCES POLICY

Crerar Manifesto Calls for Development of Natural Resources and Elimination of Protection

Hon. T. A. Crerar, leader of the National Progressive party today issued an address "to the People of Canada" dealing with the issues of the present general election campaign.

"The tariff is an issue, a very important issue," says Mr. Crerar, "but the supreme issue today is, whether our government is to be free or fettered, and whether legislation in the future shall be for the few or the many."

The policy of the Progressives, it is stated, is frankly based on the principles of first developing the natural wealth of the country, and if the industries based on agriculture, mines, and forests were thriving and prosperous, it is held that the manufacturing industries would share in the expansion.

"Our goal," states Mr. Crerar, "is the ultimate elimination of the principle of protection in our fiscal policy. But, we recognize that changes must be brought about in a manner that will give a fair opportunity to Canadian industries now enjoying protection to adjust themselves to them."

The Progressives would remove the duty on agricultural implements, mining and saw mill machinery, and essential foods and substantial reduction in the general tariff should be made. For revenue the Progressives would rely on direct taxation, levied on the basis of ability to pay.

H. Galbraith, M.L.A. for Nanton Riding, will hold a meeting at Staveland, on October 22 to discuss a road policy and find out the sentiment of his constituents in regard to a road commission. He will have a competent engineer with him. The member for Nanton is also desirous of getting the sentiment of the people in regard to holding of agricultural fairs and he will endeavour to bring the superintendent of fairs and institutes along with him on the same date.

RED CROSS SOCIETY

On her return from a recent trip of inspection in the southern part of the province, Mrs. C. B. Waagen, honorary secretary of the Alberta Branch, Canadian Red Cross Society, brought back a great deal of valuable information from the districts she visited. As a result there has been a decided impetus to the organization of Red Cross units. The Junior Red Cross is spreading as fast, if not faster, than the senior organization.

In many of the schools the pupils won the Lieut. Governor's banner for 100 per cent enrollment in the Junior work. Many new cases are in sight for the Junior Red Cross and they will need all the money they can earn this winter in order to give treatment to the boys and girls who need it. The Juniors devote themselves entirely to raising money for the treatment of crippled and sick children of the province, whose parents may not be in a position to send them to a hospital. They have many achievements on their record and expect to accomplish many more during the winter.

Many of the schools in the province are still competing for the Lieut. Governor's banner for 100 per cent enrollment and for the certificate of 75 per cent. As soon as they decide to organize, the Junior department at the provincial headquarters in Calgary, sends them instructions and helps them get going.

Adam Goerlitz and Adam Kromm, both of Alexandra school district were summoned to court and fined under the provisions of the Attendance act for neglecting to cause their children to attend school regularly after having received the Warning Notice from the department of Education.

Premier Greenfield has given the assurance that an expert freight traffic man will be appointed by the province. Just as soon as the right man can be found. His work will consist of preparing cases on freight and express rate controversies.

The National Crisis

The Election to be held December 6 will be the most momentous in Canadian history; for as men and women vote will depend the economic stability, the political stability and indeed, the national stability of this country.

"My appeal is to the whole people; to every man and woman who wants to do right by this country; to everyone who breathes the spirit of our fathers who founded this British Dominion."

—ARTHUR MEIGHEN

Today we find group striving against group, class against class, the industrial and financial structure of the country assailed by false and unsound doctrines and theories, while our great neighbour to the south has adopted a trade exclusion policy directed against Canada's vast agricultural interests.

The currencies of nearly every country in the world are depreciated. The Canadian dollar in the United States is subject to a heavy discount causing a loss of over one hundred million dollars in exchange annually.

Europe is overwhelmed with war debts—unemployment is acute—and the restoration to pre-war conditions is slow.

While Canada is in a much more favorable condition than many countries, yet there is evidence of stagnation, instability, unemployment and lack of confidence.

Taxes are heavy because of the country's efforts in the Great War, but have become burdensome on account of the misconceived policies and blunders of Governments that directed Canada's affairs prior to 1911.

These conditions are largely the direct aftermath of the war, but they must be dealt with fearlessly and constructively. This is no time to consider experimental changes, or the theories of visionaries.

This is no time for Crerar and his Free Trade policy.

This is no time for King and his wobbling "charted" policies, varying with each provincial boundary.

It is the time to cling to orderly, stable Government in the interest of all the people; to be guided by the experience of the past, proceeding upon lines that have been proven sound. It is the time to place the destinies of Canada again in the hands of a Government led by a sane, courageous Canadian who has safely brought the country through the trying years of reconstruction, and upon whom we can rely to retain and initiate policies in the interest, not of a group or class but of all the people.

It is the time to support Arthur Meighen and his candidates.

RED CROSS NEWS

Mr. Ed. Lane went to Spring Coulee Saturday morning to do a job of painting.

Mrs. Robert Mitchell is in Mrs. McDonald's hospital suffering from nervous break-down. We hope she may soon completely recover.

Master George Fulton had the misfortune to break one of the small bones in his right arm on Sunday, as he was trying to crank a car.

Mr. John Murdock returned Saturday from Raymond where he has been visiting Mr. J. Snow. He says the weather there has been very warm the last week. They have irrigation in that district. All the water they want. All they have to do is apply it where it will do the most good. What satisfaction that must be in years like the last four!

Mrs. John Love spent a few days last week visiting her sister, Mrs. C. McNarry of Berrywater.

Mr. Murdock speaks very highly of the industry and frugality of the Menonites who are settled in colonies in the south country. They have better crops than anybody else, raise sheep to make their own clothing and have their own flour mills. They seem rather queer to us, (perhaps we seem queer to them), but we can learn valuable lessons from them if we would.

Rev. A. E. Hayes gave a very thoughtful address on Sunday on the text: "I am not ashamed of the gospel of Christ."

Mrs. W. G. Peterson returned on Friday from a trip to Lethbridge, Macleod and Claresholm. Mrs. Peterson's niece, Miss Carlson, accompanied her home.

Messrs. Ole and Joseph Rushfeldt went to Cochrane on Monday.

Mrs. E. A. Cavanaugh returned to her home in Craigmyle, on Friday.

Mrs. J. McCrae attended the Women's Institute Conference held at Barons on October 11, as the official delegate of the Redlandview W.I.

Mrs. John Fulton and Miss Mary were Calgary visitors last week.

Mr. C. H. Kelly went to the foothills a week ago to bring home his cattle. He expects to return this week.

Quite a large acreage has been sown to fall rye in this locality, which is looking well.

Many farmers are making trips to the coal mines this fine weather, getting ready for the ever-expected storm.

Rev. J. D. McCrae, returned missionary from China, lectured in the Red Cross school house Thursday evening. Mr. McCrae has lived and worked among the Chinese for seven years and he says to know them is to love them. He also made the statement that the Chinese are our intellectual equals. They do not want our ethics—they have Confucianism. They do not need our philosophy, they have Hindu; but they do need our gospel of love to teach them to forgive and trust each other. Christianity makes a man of a Chinaman whom you would be proud to shake hands with. They give their money by thousands for hospitals and schools and they need to, for only one-eighth of the people have a chance to go to school. Teachers and schools are badly needed, but the Chinese are awakening, and are getting schools as fast as possible. Men like Mr. McCrae are doing the awakening with the financial aid of people in Christian lands.

Mrs. W. S. Dexter is visiting in Calgary.

Mr. E. A. Woodman has been away, up on the reserve working for the past week.

Miss Beatrice Robinson went over to Berrywater last Thursday, where she has accepted a position.

Mr. and Mrs. W. G. Peterson visited Nanton last Wednesday.

The Redlandview Women's Institute met on Wednesday last, at the home of Mrs. C. H. Kelly. The meeting was much smaller than usual. The roll-call was answered with many fine selections and helpful hints. Mrs. Lane read a paper on "Our Creed" calling the attention of the members to the necessity of living up to it everyday, not being content with merely reciting it at the meetings. Mrs. J. McCrae gave a splendid report of the W. I. Conference at Barons last week. It is meetings like that which fill one with enthusiasm and makes people realize the work the institute is doing. It would take too much of your valuable space to tell it. The bazaar was "tabled" for the time being, it being decided we could do more good in other ways, without so much outlay. A discussion followed on ways and means to help needy families. A letter was read from the government asking the institute's co-operation in locating and helping needy ones. Mrs. Will Dexter tendered her resignation as secretary-treasurer, as she is leaving the neighborhood. We are sorry to lose her, but wish her best of luck wherever she may be. Mrs. J. McCrae was appointed in Mrs. Dexter's place to serve until the end of the year. The next meeting will be with Mrs. Robt. Love November 9.

REID HILL NEWS

Mr. and Mrs. Fred and Jack Myers who had rented Billy Myers farm held an auction sale of their equipment on October 12, preparatory to leaving for the east. Mr. and Mrs. Billy Myers are returning to their farm.

The old timers of this district met their parents, Mr. and Mrs. Heath Mack, on Saturday evening to bid farewell to Mr. and Mrs. Mack and their parents. Mr. and Mrs. Heath who are accompanying them to California shortly. The affair was a complete surprise to the host and hostess. After a pleasant social evening, lunch was served. Each member of the party contributed to an impromptu programme—even the little tots assisting. Mr. Mack is holding a sale of his stock and equipment on Monday.

Mr. Frank Nichol has purchased Mr. Mack's farm.

N. Young, Ensign Store

Our Motto "Service"

Mr. and Mrs. Percy Myers are to be congratulated on the birth of a son. Born to Mr. and Mrs. Martin Hansen, a daughter, on October 4.

A quiet wedding was solemnized in the Knox church Calgary on October 3, when Miss Elra Munson, formerly of Reid Hill became the wife of Mr. Dewitt Cavendish. The young couple will reside at Didsbury.

Mr. Joe Smith has rented the Cooper farm, east of Reid Hill store. Mr. and Mrs. Andy McKague were Calgary visitors this week.

Mrs. Alex McIntyre left on Wednesday for an extended visit in Fordville, N.D.

Mrs. John McRoberts left on Wednesday for McLeod, Wis., where she will spend the winter. Mr. McRoberts accompanied her as far as Calgary.

Mr. Ed Tomander died at his home near Lake McGregor on Friday, Oct. 21. He had been ill with pneumonia only a short time.

Mr. and Mrs. Otis Wootens will reside in Vancouver in the future.

Mr. Peter McIntyre and Mr. Ben Munson attended the U.F.A. convention in Calgary last week. Mrs. McIntyre and Rita accompanied Mr. McIntyre.

Mr. and Mrs. Perry Viles are taking charge of the hotel at Cluny, Alta. This is quite a thriving little town as there have been good crops in that vicinity lately. We wish them success in their new business venture.

Mr. and Mrs. J. B. Marshall have moved to Vulcan for the winter.

The Women's Institute will meet at the home of Mrs. C. H. Smith on Wednesday, Nov. 5. The members are requested to bring their book donations as we hope to have quite a library ready for the winter.

Mr. and Mrs. J. Mannen spent the week-end in Calgary.

A number of the Prospect Slope pupils were absent during the week, owing to illness.

ENSIGN NEWS

Alex Smith made a trip to the hills after his cattle last week.

Mr. Jas. Massie is away in Saskatchewan and is running a threshing outfit.

Lornell Elston and Mick Parker are away forty miles from nowhere on a threshing outfit as engineer and separator man.

Dick Williams returned from the hills after trailing in to Calgary some choice beef which he claims he made a present to somebody.

A number of friends from Vulcan were entertained at the home of Mr. Floyd Atkinson on Tuesday evening. Those present enjoyed themselves so much that they stayed until the wee sma' hours.

Jas. Ferguson and Eric Thorpe and W. McFadden drove to Calgary last week to attend the U.F.A. convention for Bow River Riding at which convention, Edward Garland of Ramsey was appointed.

By keeping eternally after the question of skating rink we have been able to start the ball rolling and plans are underway for an open air rink for the winter. A suitable site has been secured and the necessary preparatory work will be done before frost comes. Jas. Ferguson, U.F.A. president, forecasted part of the programme of the Social Committee for the coming months. The first effort will be a debate between two teams captained by Mr. Fordyce and Eric Thorpe. Subject: Free Trade and Protection. Date will be announced later.

The U.F.A. put on its first motion picture show on Friday to a full house. Rev. C. E. Rogers of High River supplying the machine and films from the University Extension department. The films were of an educational character and were much appreciated. Mr. Rogers was booked for a return date between now and Christmas and we would welcome him as often as he can find time to come.

About twenty-five old timers from High River motored out to the home of Mr. and Mrs. Norman Young as a surprise party and cut loose in the old fashioned way to have a good time. That they succeeded was proven by the noise they made. Ensign Chief of Police was determined on Tuesday night to run them in for violation of bylaw 23, also for parking cars on Main street. The mayor saved the day and friends from High River always may have the freedom of the city. It is hoped that they will return early and often.

When wheat declined to 79 cents on Wednesday flour followed out of sympathy to \$4.00 per single sack. This is a reduction of \$2.50 per barrel since the 16th of September, when it sold at \$5.25 per sack.

STOP! LOOK! LISTEN!

Tom—"Well, Dick, what do you know tonight?"

Dick—"What do I know! Say, boy, there's only one thing any one knows these days."

Tom—"What is that?"

Dick—"Wake up. Of course you are always behind anyway. Didn't you know there is to be a concert given by the girls' club?"

Tom—"Really? Hurray, Oh boy! but Vulcan isn't such a bad town after all. I sure remember the play that some club gave last spring. Gee, but it was great! Say, when can I get a ticket? When is it? Where is it? Oh boy! Oh joy!"

Dick—"Say, I'm no dictaphone. Wait a minute and I'll tell you all about it."

There is to be a concert given by the Women's Institute Girls' club, on Tuesday evening, November 15, in the Opera house. It starts at 8 o'clock sharp. There is to be a very entertaining programme. Admission is: Adults, 50 cents; children 25c.

WHY HE TOOK THE PAPER

We asked a man the other day why he took the local paper. He gave a most intelligent reply, stating that he took it first for the purpose of seeing what the stores had to offer, to see what the neighbors had to sell or wanted, and to learn what was going on in the district, and lastly to help the printer. You notice what the man mentioned first? The advertisements—the main thing in a newspaper, for in them from time to time you see what the merchants have to offer, and if you study them carefully you will find that in the long run you are going to save money. Get the habit of reading carefully every advertisement week by week and you will receive the benefit that other people receive by so doing.

The story of how a well known girl was locked in a barn with two men all one night in Alexis has just come to light. The case was reported to the officers who have been working on it for some time and the entire story has been uncovered. The Argus has been requested that the names of the parties be not published and considerable pressure has been brought to bear to have the names suppressed but we feel that they should be printed, inasmuch as they are pretty well known anyway. Far be it from us to cast any slur upon a fair name, but the editor feels that he owes it to his readers to print the news and even more important than that is the fact that some innocent party might be suspected. The parties implicated were Lizzie Ford and Dodge Brothers.

Rheumatism?

Or Neuralgia, Sciatica, Lumbago? The remedy is simple, inexpensive, easily taken and harmless.
